For the past few years I've been the product manager of Ango Hub, an AI data annotation platform used in projects for AI industry leaders.

I was the second hire at Ango AI, the startup behind Ango Hub, founded in late 2020. Ango AI was then acquired by iMerit in mid-2023, and we continue our work there on Ango Hub as a team.

WORK EXPERIENCE

JUL 2023 - ONGOING (FULL TIME)

iMerit Technology *Senior Product Manager*

- Joined as Ango AI was acquired by iMerit.
- Managed Ango Hub and its dev team, the main software product offered by iMerit and used in production projects generating millions in revenue.
- Gave live demos to dozens of clients, including FAANG, Fortune 50, and Mag7 companies.
- Attended US conferences where I demonstrated my product to potential customers live.

DEC 2020 - JUN 2023 (FULL TIME)

Ango AI *Founding Generalist*

- Was the second hire of the company.
- Helped grow the company from \$100k to \$3M+ val. in less than a year.
- Managed and was responsible for the company's marketing. including building a new website, creating graphics, photos, texts, and more.
- Was the sole technical writer, writing 100% of the software and API documentation found at docs.ango.ai.
- Managed and was responsible for the company's international sales, closing tens of thousands of dollars in sales deals.

OTHER SKILLS AND BELIEFS

Don't be ignorant

You may not know everything, but know just enough to know what you don't know.

Action Bias

Plans are great; theory is great; *doing* is even better.

Conciseness

This resume is one page. I communicate clearly and cut the fluff.

Direct and Honest

Something is not working? It could be different? You're doing a great job? In all cases, I'll let you know.
